EDUCATION

RUTGERS UNIVERSITY New Brunswick, NJ
B.S. Computer Science Dec 2022 – Dec 2026
- Relevant Coursework: Data Structures, Computer Architecture, Systems Programming, Software Methodology

PROJECTS

EVERYTHINGAPP New Brunswick, NJ
Cross-Platform Productivity Application Apr 2026 – Present
- Built a cross-platform desktop app (React, TypeScript, Tauri, SQLite) with timers, nested tasks, and session analytics
- Integrated Google Calendar, Spotify SDK, and cross-device sync via offline-first SQLite and Supabase
- Designed offline-first sync using local SQLite caching, Supabase persistence, and automatic cross-device reconciliation

PHOTOLOG ANALYTICS New Brunswick, NJ
Personal Media Analytics Dashboard Feb 2026 – Present
- Built a Python pipeline processing 20K+ photo metadata records into SQLite with IQR-based outlier detection
- Applied scikit-learn regression, classification, and clustering surfaced via a Flask/Chart.js dashboard
- Developed a Flask/Chart.js analytics dashboard with yearly trends, hourly activity visualizations, and media insights

GYM LLM New Brunswick, NJ
AI-Powered Workout Logger Web App May 2025 – Present
- Built a Python/Flask workout logger using NLP to parse free-text input into structured JSON/CSV records
- Engineered fuzzy-matching and custom tagging to convert free-text inputs into structured exercise records
- Integrated Google OAuth and SQLAlchemy for secure user authentication and workout history management

SCRATCH PAPER New Brunswick, NJ
Note-Taking Browser Productivity Extension Aug 2024 – Present
- Built a Chrome extension (HTML/CSS/JS) with 50+ active users for persistent, low-latency note-taking
- Used Chrome Storage API for persistence and minimal DOM manipulation for sub-100ms responsiveness
- Designed a lightweight responsive interface optimized for fast note capture and persistent client-side storage

WORK EXPERIENCE

STV Brooklyn, NY
Project Engineer Intern Jun 2025 – Aug 2025
- Tracked 1,000+ assets in e-Builder for a $38.5M NYCHA upgrade and coordinated MEP punch list resolutions
- Standardized closeout documentation and verified data consistency for regulatory compliance and system handover

UNITED STATES ARMY RESERVE Staten Island, NY
Cargo Specialist Jun 2022 – Present
- Processed 50+ cargo movements using GATES and ICODES and trained 11+ soldiers on vessel loading procedures
- Validated 400+ vehicle label records with 100% accuracy and managed admin systems for a 20+ soldier unit

SKILLS & CERTIFICATIONS

Languages: Python, Java, JavaScript, C, C#, R, SQL, HTML/CSS
Technologies: Flask, SQLAlchemy, REST APIs, OAuth 2.0, Git, Linux, Azure.
Tools: AutoCAD, SolidWorks, Technical Drawings, GitHub, E-Builder
Certifications: SST Supervisor (62-Hour), SST Worker (40-Hour), OSHA 30-Hour Construction
